1 case will adsorb approximately 142 litres (1 case = 100 pads)

Saw Dust/Clay Granules

5.7 - 25 kgs bags

1-25 kg bag will adsorb approximately 17 litres

WARNING: Failure to properly handle sorbents contaminated by hazardous materials can result in serious physical injury or death or environmental harm. For proper handling, consult the Material Safety Data Sheet for the material adsorbed, applicable health & safety standards, contact your supervisor or call 3M OH&ESD India Technical Service at 91-080-66595999 or send us your enquiries at ohesindia@mmm.com. To reduce the risk of serious physical injury or death, always use respiratory protection & protective clothing appropriate for handling the material to be adsorbed. Transportation and disposal of spent sorbents should comply with relevant laws & regulations. CAUTION: Sorbents may become slippery when used on flooring. Do not walk on sorbent or place in high traffic areas.
